Do you provide a list of past clients for referrals?

A list of past residential, commercial, and healthcare clients are available upon request by visiting our [Information Request Page](#).

What areas of Florida do you work in?

We work primarily in the Orlando Metro area but have traveled as far south as Punta Gorda Florida, and as far north as Madison Wisconsin. For the right project/client we will work out the details.

I've never hired an Interior Designer before, how do we get started?

Our initial consultation is free (within Metro Orlando), with all services provided on a contract basis. We value our clients and corresponding projects, each with it's own unique needs and expectations which can only be met by putting the entire project in writing. This agreement covers every stage of the process from post consultation to final install and billing. We believe this provides both parties a complete, transparent process without surprises and the ensuing headaches that typically accompany the old "handshake" agreements. Billing options can be suited to fit each client and range from hourly, bid, cost plus, and more.

Do you provide residential design?

Our main focus is in commercial design with an emphasis on Healthcare and Assisted Living Facilities, but we do consider and occasionally accept new residential clients.
